The following lines were intended for last week's Journal, but were unavoidably crowded out. For the Journal. THE BLIND BOY. BY WILLIAM PLUMER, OF N. E.

They tell me oft in joyous tones, The skies are ever bright-That nature smiles in loveliness, And beauty crowns the night; That fields are decked with violets, And roses crown the lea; That grassy meads with lilies bloom-Yet all is dark to me!

That starry gems are nightly seen, Set in the silver waves-Where deep old Ocean rolls along, Above his coral caves. That nature's hand has painted bright In colors fair to see, Hopes radiant bow around the skies, Yet all is dark to me!

But ah! at this I would not sigh, Could I but only see My Mother smile upon her boy-Yet all is dark to me. But soon around my silent grave, The flowers will blossom bright, And I shall be with God above Kissed by his smile to light.

The Fortification bill, as it now stands amended, on a motion made by Gen. Mc-Kay, in the House, appropriates \$1,300,000.

From the Washington Times.

We have analized the vote on the passage 71 cents. of these resolutions-ayes, 163; nays, 54-and have classified them in States and designated them by parties, for the curious to examine. The names in Roman designate Democrats; in italics, Whigs; small capitals, "Native Americ ns."

DR. SWAYNE'S

Compound Syrup of Wild Cherry. Dr. Swayne-Dr. Sir. I feel it a debt of gratitude due you-and a duty to the afflicted generally-to offer my humble testimony in favor of your Compound Syrup of Prunus Virginia, alias Wild Cherry, or rather of its medicinal virtues. Some three years since I was violently attacked with cold and inflammation of the lungs, which was accompanied and head, a very considerable discharge of offensive mucus from the lungs, frequent from them especially upon changes of weather however slight. At first, I felt no alarm about my condition, but was pretty soon convinced, that I was rapidly going into consumption; I grew daily weaker, and at length, was scarcely able to walk about, or speak above a whisper, such was the exceeding weakness of my lungs. During this time I had tried various preparations and prescriptions, but found no relief-growing all the time worse .-Just here I was advised and persuaded by a dear of Wild Cherry; I must confess that previously I had been prejudiced against patent medicines, and am still against those coming out of the hands of empirics, but understanding your claims to the profession and practice of medicine, and having implicit faith in the say so of every friend, I forthwith purchased of Dr. Shaw, one of your Agents, relief from the use of the first 4 or 5 bottles. But be supplied with every delicacy which this and the being a public speaker, I frequently attempted to Charleston markets can afford preach with my increasing strength and health, and thereby ruptured those vessels that had already began to heal; in this way, doubtless, my cure was greatly retarded. In consequence of acting thus imprudently I had to use 12 or 15 bottles before I was perfectly restored. I have no question a much smaller number of hottles would have made me sound but for the above indiscretion. The syrup allayed the feverish habit, done away the distressing cough, put a stop to the discharge of matter from the lungs, and gave them, and theen tire system, good health. Thanks be to God, who is the source of all health, and to Dr. Swayne for 70U will appear at the usual place of parade, it, I would recommend this Syrup to all persons on Monday next, 23d inst., at 10 o'clock. who may be effected with colds, cough or con-A.
